Step 5(c): After filling all data click on Add button to submit the vendor.

B. To add Product Process Protocol

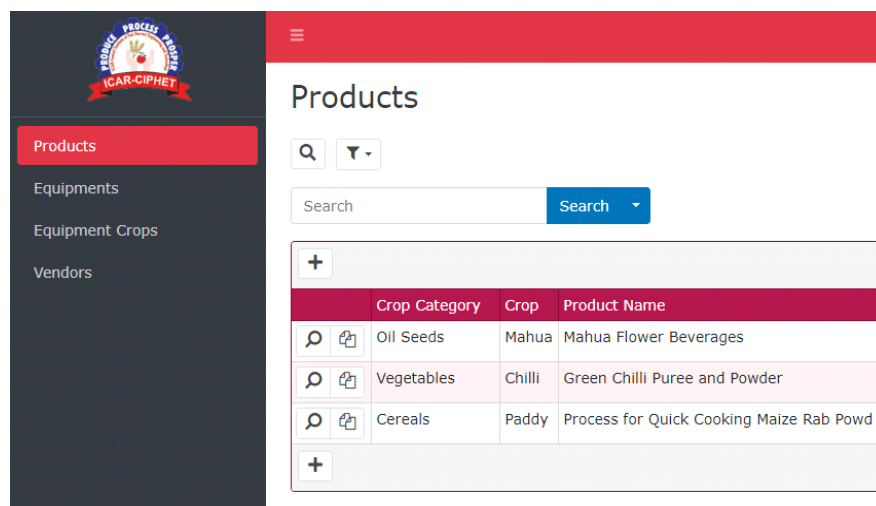

Step 1: Go to <http://research.ciphnet.in/admin/> and login using the provided username and password for the institute.

The screenshot shows the login page of the ICAR-CIPHET admin interface. The page has a dark sidebar on the left with the ICAR-CIPHET logo and a red header bar. The main content area is white and contains a login form with the following elements:

- Logo of ICAR-CIPHET in the top left corner.
- Header: "Login" and a home icon with the text "/ Login".
- Text: "Sign in to start your session".
- Form fields: "User Name" and "Password" (with a toggle for visibility).
- Button: "Login".

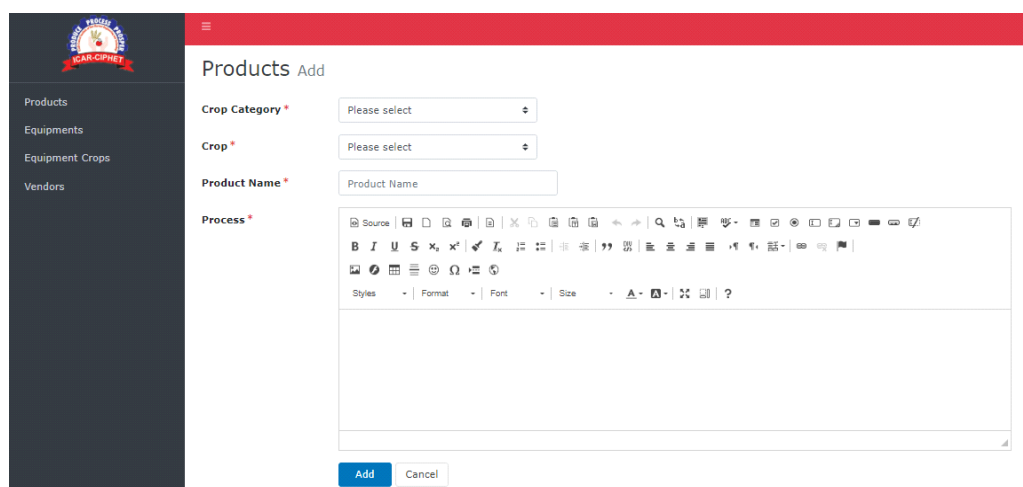

Step 2: Under Product Menu, you can add new equipment by click on the (+) button.

The screenshot shows the "Products" management page. The sidebar on the left has "Products" highlighted in red. The main content area has a search bar and a table of products. A "+" button is visible at the top left of the table, indicating where to click to add a new product.

	Crop Category	Crop	Product Name
 	Oil Seeds	Mahua	Mahua Flower Beverages
 	Vegetables	Chilli	Green Chilli Puree and Powder
 	Cereals	Paddy	Process for Quick Cooking Maize Rab Powd

Step 3: Fill the required details in this dialog box, such as Crop Category, Crop, Product Name and Process.

The screenshot shows the "Products Add" dialog box. It has a dark sidebar on the left with "Products" highlighted. The main content area is white and contains the following form fields:

- Header: "Products Add".
- Form fields: "Crop Category" (dropdown), "Crop" (dropdown), "Product Name" (text input), and "Process" (rich text editor).
- Buttons: "Add" and "Cancel".

Step 4: After filling the details click on the Add button to submit the entry.
